# Welcome Letter

Welcome to the 2022 Golf & Lake Season at Cutalong! We have great things planned for the year 2022. Found here in our Cutalong Book of Golf 2022, you will find everything you need to know about Cutalong Golf, Lake Anna & Club experience for this year. We want you to enjoy golf and the lake with your fellow members, friends, and family this coming golf season in the way that is the most enjoyable for you.

Our growing team is ready and excited for this upcoming season and willing to help you get your golf game where you want it. Ron Barley is already making plans to continue the grow in and fantastic maintenance practices he has implemented in his short tenure with us. We have implemented a Tee to Pin location correlation that will keep the course changing from day to day.

Jack Snyder is gearing up for a great season of instruction, Operation 36, parent child, couples golf, and as always plenty of great competition and events. Jack will continue to oversee day to day operations, and tournament play.

All the policies, procedures, and tournament dates are listed in the Cutalong Book of Golf 2022. I appreciate everyone reading up on the latest so we can all go into our 2022 golf season in alignment and get ready for the best season at Cutalong YET!! We are ready to host all our tournaments, social outings and provide the social club Lake Anna deserves. This will be a great year for you to show off your club to your friends. With one full year of operations under our belt, we are still growing and developing and will be sure to make this season one to remember.

Thank you in advance for your understanding and cooperation as we go through the growing pains of construction, both for the development of our Learning Center, Stay and Play units and larger infrastructure. Including the wastewater treatment facility, new roads, and more that will continue to help our club and community grow.

# Cutalong Golf Club

Using the method established by pioneer golf architect C.B. MacDonald at National Golf Links of America in the early 1900s, veteran golf architect Tom Clark has selected special features from famous British and American golf holes to produce the beautiful and distinctive Cutalong golf course on the highlands above Lake Anna, Virginia. To serve as a consultant, Clark enlisted Ron Whitten, the longtime senior editor on architecture for Golf Digest, and together they've worked and reworked the design since its inception back in 2000. The passage of time has made the completion of this golf project especially satisfying.

From the beginning, Clark envisioned a novel golf course that would be less expensive to build and maintain, would use less water and chemicals, would be challenging yet enjoyable and possess an unforgettable sequence of holes. As Lake Anna is near several Civil War battlefields, aspects of some holes are based by 19th Century fortresses and defenses. Because Cutalong rests atop a defunct mining operation, certain holes reflect that heritage as well.

This program allows students to enter a program that will chart your improvement and reach your goals through a mobile app that you interact with along with your coach. Jack Snyder will be running these programs for juniors and ladies this season. Operation 36 begins 25 yards from the green and you must shoot 36 or better to move to the next distance which is 50 yards from the green.
